Rock Island's G. A. R. Rate. The passenger department of the Rock Island railway announces the best rates to Cleveland on account of the G. A. R. encampment September 7 to 11, that have been accorded Old Soldiers since 1887. The rate is less than one fare for the round trip. Tickets will be on sale at stations west of the Missouri river, September 7 to 10 inclusive and be good to return up to and including September 15, but the return may be extended until October 6 depositing the tickets with joint agent before September 15 and paying a fee of fifty cents. The trip to Cleveland will be one of much pleasure and enjoyment. The extremely low rate made by the Rock Island will make it possible for large numbers of the Old Soldiers and their friends to go at a very small expense. From Cleveland there will be up rates in effect enabling those desiring to visit the Pan-American exposition and this trip to Buffalo can be made either by rail or boat. Cleveland is making a special effort to make the best care possible of the

Veterans as well as visitors and afford them every opportunity for a pleasant and enjoyable time while in the city. The new soldiers' monument located in the public square will be completed; the electric lighting effects of this monument, it is said, will eclipse anything of its kind heretofore attempted in this country.

Master Gordon Stater and several members of the Stater company, will sing at the service at the opera house on Sunday.

BACKBONE OF STRIKE IS BROKEN.

Large Numbers of Strikers Are Resuming Work in Pennsylvania.

[By Associated Press.]

Pittsburg, Pa., Sept. 4.—The strike at the Pennsylvania Tube plant in this city is practically broken. This morning one hundred and fifty strikers went to work and the superintendent says the plant is running a full force today. About six hundred will go to work this afternoon.

It is thought all strikers will decide to return. Everything is quiet about the plant. Preparations have been completed for the starting up of the Denhamer Tin Plate plant at McKeesport and the resumption of work will probably take place this afternoon or tonight. The start will be made with a full force of deputy sheriffs on guard, the American Tin Plate company having served notice on the sheriff that violence was feared. The introduction of the strong arm of the law into the steel strike will, it is believed, undoubtedly bring about a crisis in the situation.

TERRITORIAL TEACHERS.

Arrangements Being Made For the Annual Winter Meeting.

The executive committee of the Territorial Teachers' association met in the office of S. C. Bland, president, this morning. President N. E. Butler, Secretary W. M. Rice of Newkirk, and J. P. Hickman of Perkins, chairman of the board, were present. The object of the meeting was to arrange a programme and consider various towns for the next meeting, which will be held during the holidays.

President Fegan and Secretary Lucas of the Guthrie Commercial club, addressed the meeting in behalf of Guthrie and made some very flattering inducements to hold the next meeting in this city.

About 800 or 1,000 teachers from all over the territory attend these meetings and Guthrie will make an effort to secure the next meeting. It was decided this morning to hold the meeting December 25, 26 and 27, the programme to open the night of Dec. 25. During the session a lecture will be given by some noted lecturer yet to be secured.

Land Contests Settled.

The following cases have been tried at the land office:

Joseph K. Morris against John A. Johnson, for failure to submit final proof within statutory period. The local office held, as Johnson has application pending to amend homestead entry, he was not required to submit final proof until said application was disposed of. The commissioners has sustained the action of the local office and closed the case, leaving Johnson's entry intact and he has been permitted to amend his entry as prayed for.

The case of John A. Johnson against John Case. Case's entry has been cancelled and Johnson allowed to amend entry as to cover land formerly embraced in Case's entry.

Both of the above cases have been finally closed in favor of Johnson.

In the application of Martin Miller, Samuel N. Dye and Judson J. Talman to homestead land covered by Indian allotment, which were rejected by the local office, the commissioners sustained the action of the local office in rejecting said applications.

Locating Committee Will Meet.

The committee to locate the Southwestern Normal school will meet tomorrow at Oklahoma City. Judge Green, the local member of the committee, will leave tonight for Oklahoma City. The other members are Messrs. Martin, Embry, Wheeler and Tetrick.

DR. HARTMAN'S ADVICE

Is Sought by Female Sufferers From Ocean to Ocean.

Mrs. F. W. Goulder, 1306 Fourth avenue, Rock Island, Illinois, writes:

"I was afflicted for five or six years with catarrhal difficulties and was growing worse all the time. I began taking your Peruna with a marked improvement of curing that, the Peruna has greatly improved my general health."

"Every bottle of Peruna is worth its weight in gold; especially to me, for I owe my present good health to it."

All over the country there are women who have been invalids for many years, suffering with female derangements.

What a boon to such women is Dr. Hartman's free advice! So famous has his skill made him that hardly a hamlet or town in the country but knows his name. He cures tens of thousands, and he offers to every woman who will write to him her symptoms and a history of her trouble, free advice and treatment.

The medicines he prescribes can be obtained at any drug store, and the cost is within the reach of any woman. He describes minutely and carefully just what she shall do and get to make a healthy, robust woman of herself.

Address Dr. Hartman, Columbus, Ohio, for a free copy of "Health and Beauty."

The Ramsay Dry Goods company is having a large balcony built across the back of their store, which will probably be fitted up for millinery parlors.

YOUR VACATION.

A few reasons why you should spend it at Eureka Springs, Ark.

Because: The rate is so low.

Because: First class accommodations are so reasonable.—Board from \$5.00 to \$10.00 per week.

Because: It's waters are conceded by all to be absolutely pure and most beneficial to the health.

Because: It's advantages for fishing, hunting, picnicking and all outdoor sports cannot be excelled.

Because: Located at the top of the "Ozarks" the days and nights are always cool and the breezes most refreshing.

Because: There are no flies to annoy by day nor mosquitoes to disturb one's rest at night.

Because: It is situated contiguous to the vast mineral district of Arkansas and presents many opportunities for prospecting along this line.

Because: For Health, Wealth or Pleasure Eureka Springs can't be beat.

The Frisco Line is the only direct route to this famous resort and during the remainder of the summer will have low rates and popular price excursions at all times. For further information apply to the nearest Frisco representative or address either of the undersigned.
